Outlook on Agriculture was founded by Imperial Chemical Industries in 1956 and was published by them until the end of 1981, when responsibility for its future publication was entrusted to Pergamon Press.

The guiding principles in the choice of articles to be published are the intrinsic interest of the subject, its importance, and the authority of the writer.

While most articles are specially commissioned, the Editor will always be glad to consider contributions conforming to these criteria.

Editorial Board

Dr Peter Brumby,
International Livestock Centre for Africa, Addis Ababa, Ethiopia

Professor R. Q. Cannell,
Welsh Plant Breeding Station, Aberystwyth, UK

Professor J. B. Dent,
Lincoln College, New Zealand

Dr Peter Doyle,
ICI Plant Protection Division, Jealott's Hill, UK

Professor J. D. Fryer,
Abingdon, UK.

Dr D. J. Greenland,
International Rice Research Institute, Manila, Philippines

Dr C. James
International Maize and Wheat Improvement Center, Mexico

Professor Donald R. Nielsen,
Department of Land, Air and Water Resources, Davis Campus, California, USA

Dr M. S. Swaminathan, FRS,
International Rice Research Institute, Manila, Philippines

Dr L. D. Swindale,
International Crops Research Institute for the Semi-Arid Tropics, Andhra Pradesh, India
